Understanding Prescriptions November 30, 2010

Telehealth Event

12:00 – 13:00

More Details about the event and how it works:

Participants in Regina will go to the Regina 'Sending' site which is located at the Wascana Rehabilitation Center Auditorium. If you want to attend in this location please call the Regina site at the phone number listed below.

Telehealth sites are located in health facilities across the province. Please see below for the telehealth contact information for each region and contact the site in your area to register and find out more information about the location of your site.

The telehealth sites are equipped with videoconferencing units that allow participants to interact and see each other and hear each other at all sites (live two-way audio and visual signals).

The event organizers have arranged to record the transmission. A compressed digital signal will be available online (on the SRNA website) a few days after the transmission. Check the SRNA website at www.srna.org to view the event but please note this will not be available immediately following the event.

Contact the Telehealth Coordinator in your region to determine availability and RSVP.
